Distribution:	16 March 2015 to 24 March 2015
Manufactured by:	Pharma Natura (Pty) Ltd, 1 Carey Street, Wynberg, 2012 Sandton, South Africa

**Reason:**

Pharma Natura (Pty) Ltd in consultation with the Medicines Control Council is recalling lot number 577634 of Vitaforce Vitamin B6 50mg; this recall is a **Class I Type B** recall and is designed to reach all distribution points.

Pharma Natura has established that this batch is contaminated with fungi. This may result in serious health risks/adverse reactions to the user when these tablets are taken.

**Action:**

1. Immediately stop distribution and/or dispensing and remove from shelf the batch identified above.
2. If you have further distributed this batch to other wholesalers, stores or other retail entities, please notify them of this recall at once and instruct them to return any product from this lot to you. Notification to your wholesalers, stores or other retailers must include a copy of this " Notification of Medicine Recall"
3. Return all inventory of the product identified above to the pharmacy or wholesaler from where it was purchased.

If you purchased the product from a wholesaler or distributor, please return that product to that wholesaler or other distributor.

This recall is being conducted with the knowledge of the Medicines Control Council.  
We appreciate your immediate attention and cooperation, and sincerely regret any inconvenience caused by this action.
